RESPONSE TO OFFICE COMMUNICATION

Sir:

A shortened statutory period for response to the outstanding Office Communication mailed July 17, 2002, is August 17, 2002.

REMARKS

Claims 1 to 65 are pending in the application and are subject to a restriction requirement under 35 U.S.C. §121.

Applicants reply filed on June 26, 2002 (Paper No. 5) provided for the provisional election with traverse of the invention of Group I, claims 1-13 and 22-34, drawn to a method and also provided reasons why Group I and Group II claims should be combined.

Furthermore, Applicants election of Example 2 on page 27 as a single disclosed species was not fully responsive because there are several species listed in the elected examples.

In response to the Examiner's request of July 17, 2002, to elect a single disclosed species as found in claims 9-11, Applicants hereby provisionally elect the species of claim 10, with traverse for the same reasons as stated in Paper No. 5.

Applicants wish to thank the Examiner for providing us with the opportunity to correct this inadvertent omission from the reply filed on June 26, 2002.

For the same reasons, reconsideration of the restriction is respectfully requested.

Respectfully submitted,

Bristol-Myers Squibb Company
